

Second Specialist in Emergency & Critical Care

Animal Referral Centre (ARC) is looking for an additional ECC specialist or residency trained veterinarian to join our practice. We are looking for a clinician to provide the highest standards of care and function as part of a cohesive, caring multidisciplinary team.

Our ideal candidate would be a board-certified specialist in emergency and critical care (DACVECC, ECVECC or FANZCVS) but veterinarians who have completed residency training are also welcome to apply.

The Animal Referral Centre is a busy, growing, specialist led private referral practice established in 2016. It is independently owned and operated and has specialists in small animal surgery, internal medicine, cardiology, neurology, emergency and critical care, oncology, diagnostic imaging. This broad range of specialties makes for an extremely interesting and diverse caseload. The clinic has a 64 slice Siemens Go.Up CT, digital radiography, C-arm image intensification, ultrasound (Philips Epiq 7, Esaote MyLab 7, Clarius), and access to off-site 3T MRI.

The clinic is located on Auckland's North Shore. Auckland is New Zealand's largest city and home to over 1.6 million people. Auckland has fantastic beaches, two harbours, and hiking trails and national parks are within easy reach. The climate is sunny, the city is multi-cultural and we have outstanding food, wine and shopping.

The remuneration package for this position is competitive, commensurate with experience and a generous relocation allowance is offered. We offer a 4 day work week, a generous CPD allowance and paid time off for CPD.

To apply, or for any further information, please send a CV and cover letter to: Fiona Park (Fiona.park@arcvets.co.nz), or phone +64 274 967 324.
